UBL – NADRA Technologies Limited Sign Agreement on ATM Bio-metric Authentication Services

United Bank Ltd (UBL) and NADRA Technologies Limited (NTL) recently entered into a formal agreement for the provision of bio-metric based transaction authentication services on the Bank's ATM network.

With the signing of this agreement, UBL has become the first Bank in the industry to be officially connected with NADRA to facilitate customers to access their accounts and conduct 'card-less' transactions on ATMs. With its rapidly increasing digital footprint, UBL has now become the largest bio-enabled ATM network provider in the industry offering this unique service in conjunction with NADRA.

The signing ceremony held at the UBL Head Office was attended by senior officials from NADRA Technologies Limited (NTL), while UBL was represented by Mr. Muhammad Zaman, Head of Digital Banking along with other key team members of the UBL Payment Services Group.

Speaking at the ceremony, Muhammad Zaman, Head of Digital Banking UBL said, "Remaining true to UBL's ethos of customer-centricity and legacy of innovation, UBL is now the first amongst its peers to join hands with NADRA to extend added convenience and security to its customers and will continue to lead the way in the digital space".

Also addressing the audience present at the occasion, the NTL officials stated; "NADRA is now more so increasingly focusing towards the transformation paradigm, where it can through its technical expertise act as a catalyst in ushering a new era of safety, security and convenience at multiple touch points".
