UBL Omni, TPL Rupiya and EvantageSoft sign MoU to offer Cashless Payments for Lahore Transport Company (LTC)

TPL Rupiya, TPL Holding’s payment service vertical, has joined hands with UBL Omni and EvantageSoft to introduce cashless payments for its mass transit customers. It will allow passengers of Lahore Transport Company (LTC), a Lahore based public transit bus system, to make daily commute payments using their UBL Omni bank accounts. The MoU was signed by representatives of the three institutions at a ceremony held in Karachi recently.

Under this strategic partnership, TPL Rupiya will provide extension to UBL Omni services for its existing customer base that are relying on Mass Transit System. The technology platform is being provided by EvantageSoft, a Planet N company. This solution will enable LTC passengers to avail a first of its kind “Tap n Pay” solution. TPL shall issue NFC Cards for online payments and UBL Omni bank accounts will be linked for enabling these payments. TPL Rupiya, using its state-of-the-art e-ticketing system, is currently serving more than 100,000 passengers across multiple LTC bus operators.
7th UBL Literary Awards launched

The UBL Literary Awards, originally launched in 1967, recognize emerging local talent in Pakistani literature.

The first edition of the refreshed UBL Literary Awards was held in Karachi in 2010. With each passing year, the Award has established itself as a benchmark of literary success. The Awards are eagerly awaited and appreciated by both the literary circle and the general public. The UBL Literary Awards are now recognized as acknowledgement of the Bank’s contribution as a responsible corporate citizen.

UBL has initiated the process for the 7th installment of the Awards, to be held in early 2018, by inviting entries for nomination. English and Urdu books written by Pakistani writers and published in Pakistan in 2016 are eligible for entry.

UBL Fintech Innovation Awards at the 14th P@SHA Information & Communication Technology Awards

For the second year in a row UBL was the Corporate Sponsor for the PAKISTAN SOFTWARE HOUSE ASSOCIATION (P@SHA) ICT Awards Ceremony. This year’s ceremony was attended by various local and multinational organizations, but more notably Pakistani start-ups and Fintechs aspiring to showcase their achievements. Members of UBL Management and Innovation teams were also in attendance.

A premier event in the technology industry of Pakistan, the annual P@SHA awards bring together key players and achievers of Pakistan’s technology sector on a common platform to celebrate innovation and local talent. The aim is to recognize the efforts of outstanding achievers that have excelled within various categories representing key facets of life in Pakistan, including health care, education, as well as financial services applications.

UBL established its relationship with P@SHA in 2016 by becoming the first bank in local history to sponsor such an event – immediately establishing itself as a strategic supporter of technology-based start-up initiatives in Pakistan. Similar to last year, UBL also created a special interest category on Fintech Innovations and gave cash awards to start-ups excelling in certain specialized fields of banking technology.

Based on evaluation criteria which scored applicants on their products uniqueness, potential, scalability and market relevance, the following three start-ups were recognized as winners within UBL’s Fintech Innovation category:

**Credit Fix (Fintech of the Year):** An AI and Machine Learning based digital lending marketplace that combines phone usage, financial, and social media data to help lend to customers.

**Oscar (Payments Innovation):** An all-in-one in-Store smart POS, Inventory, and CRM software targeting the SME and restaurant market of Pakistan.

**Love for Data (Data Analytics for FIs):** A BIG data startup which specializes in predictive analytics helping businesses cross sell and up sell.
